H E L L O L O V E L Y

I'm Lana, your photographer for elegant & sophisticated boudoir portraits. I've been in the photography business for over 20 years with the belief that we women owe it to ourselves to celebrate our body at every stage of life. In 2010, I opened Voulez Vous Boudoir Studio to give women a safe space for a transformational portrait experience.

Boudoir has the power to build confidence, promote self-love, and help women embrace their unique journey. I have seen it in my clients and experienced it for myself (yes, I pose for the camera too)! I can assure you that the Voulez Vous Experience is designed with care to provide a positive & elegant brave space for you to shine.

What Is Boudoir?

bou·doir

/'bōo,dwār/

noun A lady's private dressing room, bedroom, or sitting room.

Boudoir derives from the french word 'boudoir', which translates to 'to pout' or 'sulk'. Historically, the boudoir was a room attached to a woman's private suite. This area was located adjacent to her bedchamber and typically used for bathing and dressing. In later periods, the boudoir was a private drawing room used for activities such as embroidery or entertaining intimate acquaintances.

Boudoir as an art form traditionally alludes to a woman getting dressed (or undressed) in her private chambers. That is why boudoir photography is often suggestive, intimate and features lingerie.

Love Notes

WHAT CLIENTS SAY:

"I wanted to capture myself after having gone through one of the toughest times of my life. And after all the self love and healing I worked on for me, I also wanted my 'now' husband to see it. See how I smile. See how I relax. See how I'm wild and free. See me for the woman I am. See how he has impacted my life. See how I love who I am when I'm with him. So do yourself a favor. Take care of yourself. Choose to heal what triggers you. Choose people to surround yourself with that support you. Choose people that are everything that is good. Choose yourself."

- Molly

"This was such an amazing experience! Never in my wildest dreams did I think I would be naked on a roof in downtown Tulsa, but wow I'm so glad I did! Lana is such a dream to work with! I had the best time! Something that started out as a gesture of 'love you my soon-to-be-husband' turned out to be something so special and empowering for myself! Thank you thank you thank you! Lana please never stop doing this because you are such a beautiful light in this world!"

- Lauren

"Working with Lana at Voulez Vous' boudoir studio feels like a collaboration on a beautiful art experience. In our photo shoots, I feel that my personal spirit and energy are able to shine through Lana's artistic mind and creativity. Last year, I made a birthday gift to myself of a Voulez Vous boudoir shoot to capture my current period in life. I was delighted with the birthday album she put together from our shoot. My album provided all that we had planned for with the vibe of the shooting day and poetry from me."

- Alani

"I held back tears as I took in every photo (Lana) had taken. I didn't even recognize myself and it took a couple of minutes for me to take it all in. She showed me that I am more than just a pretty smile.. I'm strong, funny, brave, sexy, adventurous. Thank you.. I am forever thankful for you and your talent of showing people their souls."
